

Registration Procedure for Advanced Topics, Current Topics, Selected Topics, Special Topics, and Research Seminar Courses

Student fills in form G04 for Advanced Topics, Current Topics, Selected Topics
Student fills in form G04.1 for Special Topics, and Research Seminar Courses

Course Registration under Bachelor's or Master's Degree curriculum

If the academic content of the course is less than SIIT's requirements, the student must perform additional academic activities in order to achieve the curriculum's requirements. The activities' results must also be approved by the advisor.

Registration under a self-study option (Individual study)

Student performs independent study individually and presents the results, which must be evaluated by an examination committee of at least 3 members.

The advisor signs for approval on the form.

Head of the school signs for approval on the form.

Student submits the form to the Academic Services and Registration Division (AS&R) within 2 weeks after the semester has started, in order to be recorded in the database system.
